

PGT Grade Microprismatic Conspicuity Tape

Product Summary

Jammy PGT Grade microprismatic vehicle conspicuity tape is a highly retro-reflective prismatic marking product designed for rugged outdoor applications on the sides and rear of trucks and trailers for enhanced visibility and detection. The reflective marking consists of sealed cells of air backed microprisms. The double layer encapsulated construction features popular horizontal reflective bands and dramatic daytime colors. Jammy PGT Series tape exceeds DOT-C2 and FMVSS 108 Standards and offers bright white and bright red daytime colors to stand out from a crowd of reflective products.

TFT Series Features:

- 600 Candela Max Reflectivity, High Angle Visibility
